MANAGEMENT DISCUSSION AND ANALYSIS

Business and Financial Review

Overview of Results

Total reported revenue of the Group for the six months ended 30 June 2017 was HK\$489.3 million, representing a decrease of 5.9% over that of HK\$519.8 million for the six months ended 30 June 2016. The decrease was partly due to the change of the contractual arrangement of the Casino Macau Jockey Club from provision of casino management services to revenue sharing from LMG terminals since 1 January 2017. A breakdown of the contribution of revenue by segments for the six months ended 30 June 2017 and 30 June 2016 is detailed below:

	Six months ended 30 June	
	2017 HK\$ million	2016 HK\$ million
Casino management services	399.1	402.7
Gaming systems:		
Sale of electronic gaming equipment and systems	19.0	43.5
Leasing of electronic gaming equipment and systems	71.2	73.6
	90.2	117.1
Total reported revenue	489.3	519.8

Adjusted EBITDA for the six months ended 30 June 2017 was HK\$0.9 million, as compared to the loss of HK\$1.4 million for the six months ended 30 June 2016. The turnaround was mainly due to streamlining costs across casinos under management for the six months ended 30 June 2017. The following table reconciles Adjusted EBITDA to the loss for the period:

	Six months ended 30 June	
	2017 HK\$ million	2016 HK\$ million
Loss for the period	(35.3)	(410.5)
Adjustments for:		
Interest income	(3.0)	(1.7)
Finance costs	6.0	5.3
Income tax expense	0.4	1.1
Depreciation of property, plant and equipment	31.5	48.3
Gain on disposal of property, plant and equipment	(4.8)	—
Amortisation of intangible assets	6.1	21.3
Loss arising from assignment of intangible assets	—	334.8
Adjusted EBITDA	0.9	(1.4)

An analysis of Adjusted EBITDA by segments is as follows:

	Six months ended 30 June	
	2017	2016
	HK\$ million	HK\$ million
Casino management services	(28.4)	(36.2)
Gaming systems	44.9	49.1
Sub-total	16.5	12.9
Unallocated corporate expenses	(15.6)	(14.3)
Adjusted EBITDA	0.9	(1.4)

The Adjusted EBITDA from casino management services recorded a loss of HK\$28.4 million for the six months ended 30 June 2017, representing a decrease of 21.5% from the loss of HK\$36.2 million for the six months ended 30 June 2016. The decrease in loss from the casino management services segment was mainly due to streamlining costs across casinos under management for the six months ended 30 June 2017 when compared to that for the six months ended 30 June 2016. The Adjusted EBITDA from the gaming systems segment was HK\$44.9 million, representing a decrease of 8.6% over that of HK\$49.1 million for the six months ended 30 June 2016. The Adjusted EBITDA from operations of the Group excluding unallocated corporate expenses for the six months ended 30 June 2017 was HK\$16.5 million, representing an increase of 27.9% over that of HK\$12.9 million for the six months ended 30 June 2016.

The Group's loss for the six months ended 30 June 2017 was HK\$35.3 million, as compared to the loss of HK\$410.5 million for the six months ended 30 June 2016. The significant decrease in loss of the Group was mainly because the loss for the six months ended 30 June 2016 included a one-off non-cash loss arising from assignment of intangible assets of HK\$334.8 million in relation to the assignment and license of patents and associated technology to IGT in April 2016. Excluding this one-off loss, the Group's loss for the six months ended 30 June 2016 would be HK\$75.7 million and based on such figure, the Group's loss for the six months ended 30 June 2017 was reduced by 53.4% to HK\$35.3 million.

Casino Management Services

For the six months ended 30 June 2017, revenue generated by the provision of casino management services contributed 81.6% to the total reported revenue of the Group, as compared to 77.5% recorded for the six months ended 30 June 2016.

The following table sets forth data on the provision of casino management services for the six months ended 30 June 2017 and 30 June 2016:

ETG Distribution from IGT

Since the execution of the Patent and Technology Assignment and License Agreement dated 25 April 2016 entered into between the Group and IGT, the Group has been working closely with IGT on technology exchange and regulatory compliance on different gaming jurisdictions. The alliance with IGT has unlocked tremendous business development opportunity in the overseas market. This partnership will enable the Group to expand its global presence and create long-term sustainable businesses to the Group.

Prospects

After a 26-month slump in gross gaming revenue, Macau has since August 2016 shown growth in gross gaming revenue for 12 consecutive months. Macau gaming revenue for the six months ended 30 June 2017 was MOP126.4 billion, representing an increase of 17.2% over that for the six months ended 30 June 2016. Macau's total visitor arrivals for the six months ended 30 June 2017 were 15.6 million, representing an increase of 5.4% over that for the six months ended 30 June 2016. Gaming revenue has been steadily recovering after the policy and economy headwind hit Macau's gaming industry for more than 2 years. In addition, an improving economy and the opening of new gaming and non-gaming facilities have helped bring patrons back to Macau.

We saw a laggard effect from the operation of satellite casinos on market recovery. On the other hand, after a slow performance in terms of gross gaming revenue of the casinos under our management in the first quarter of this year, we were gradually recovering from the second quarter of this year even though same-day visitor arrivals from China and Hong Kong all together registered a 2.4% year-on-year decline in the first half of this year. Nevertheless, we have been seeing trend of improvement of foot traffic and patron quality to our casinos under management this year. This is attributable to management's stringent focus on driving profitability through improving efficiencies combined with increase in higher margin electronic gaming revenue.

In July 2017, Xinhua News Agency reported that Hong Kong-Zhuhai-Macao Bridge subsea tunnel has been connected. It is the world's longest sea bridge connecting Hong Kong, Zhuhai and Macau. It will establish a new land transport link between the east and west coasts of the Pearl River region, evolving economic and sustainable development among the areas. Together with the further improvement of border gates capacity on the Macau Peninsula, all these infrastructures will definitely facilitate visitation foot traffic to Macau, and eventually boost gaming demand, especially on the mass segment.

The Group always retains a positive view on the Macau gaming industry. As part of its long-term growth strategy, on 29 June 2017, the Group entered into a letter of intent with China Star Entertainment Limited and China Star Entertainment (BVI) Limited (a wholly-owned subsidiary of China Star Entertainment Limited) in relation to the proposed acquisition of the group of the target companies which owns and operates Hotel Lan Kwai Fong Macau and residential units which are currently being used as staff quarters. Further details of the proposed acquisition are set out in the section headed “Proposed Acquisition” of this report. The proposed acquisition is in line with the Group’s business strategies and represents a development of the Group’s existing casino management service business. In addition, having its own hotel business will enable the Group to directly provide hospitality services to its patrons (instead of relying on hospitality services provided by other hotels) to support the Group’s existing casino management service business. The Group will continue to look for potential opportunities in Macau and elsewhere to expand its business and to increase its market share in the gaming industry.

Interim Dividend

The Board does not recommend the payment of an interim dividend for the six months ended 30 June 2017.

Liquidity and Financial Resources

The Group’s liquidity needs primarily comprise working capital including research and development expenditure, capital expenditure, and serving the borrowings of the Group. The Group has generally funded its operations from internal resources, debt and/or equity financing.

As at 30 June 2017, the consolidated net assets of the Group amounted to HK\$588.7 million, representing a decrease of HK\$34.1 million or 5.5% from HK\$622.8 million as at 31 December 2016. The decrease in consolidated net assets of the Group during the six months ended 30 June 2017 was mainly due to the Group’s loss of HK\$35.3 million for the six months ended 30 June 2017.

Bank Balances and Cash, and Chips on Hand

As at 30 June 2017, the Group held bank balances and cash of HK\$200.0 million and chips on hand of HK\$51.6 million. Included in the bank balances and cash as at 30 June 2017 were fixed deposits of HK\$105.3 million placed at banks in Macau and Hong Kong with maturities ranging from 2 to 3 months. The fixed deposits were denominated in HK\$ and US\$.

Borrowings and Gearing Ratio

As at 30 June 2017, other than the amounts due to Directors of HK\$1.0 million which were unsecured, interest-free and had no fixed terms of repayment, the Group had no outstanding borrowing.

The Group’s gearing ratio (expressed as a percentage of borrowings over net assets) as at 30 June 2017 was 0.17% (31 December 2016: 14.7%). The decrease in the Group’s gearing ratio during the six months ended 30 June 2017 was mainly due to the settlement of the outstanding promissory note of principal amount of HK\$94.0 million on maturity during the period.

As at 30 June 2017, the Group had net cash (being total of bank balances and cash, and chips on hand less borrowings) of HK\$250.6 million (31 December 2016: HK\$279.0 million).

Proposed Acquisition

On 29 June 2017 (after trading hours), the Company entered into a letter of intent (the “LOI”) with China Star Entertainment Limited (“China Star”) (stock code: 326) and China Star Entertainment (BVI) Limited (the “Seller”) (a wholly-owned subsidiary of China Star) in relation to the proposed acquisition of: (i) the entire issued share capital of each of Most Famous Enterprises Limited, Exceptional Gain Profits Limited and Charming Era Investment Limited (all companies are incorporated in the BVI) (collectively the “Target Companies”) and (ii) the related shareholder loans of the Target Companies from the Seller (the “Proposed Acquisition”).

The total purchase price for the Proposed Acquisition will be HK\$2,380.0 million subject to adjustment to be detailed in a formal sale and purchase agreement, and is expected to be satisfied by the Group from its internal resources and/or external financing.

The group of the Target Companies owns and operates Hotel Lan Kwai Fong Macau and residential units which are currently being used as staff quarters. Hotel Lan Kwai Fong Macau has a total of 209 guest rooms, a casino situated on the ground, first and 18th floors, a couple of restaurants, a flower shop, a couple of retail shops and a spa centre.

The Proposed Acquisition, if materialised, may constitute a very substantial acquisition for the Company under Chapter 14 of the Listing Rules. If the Company proceeds with the Proposed Acquisition, it will enter into legally binding agreement(s) with the Seller in respect of the Proposed Acquisition and will make further announcement as and when appropriate in compliance with the Listing Rules.

Further details of the LOI and the Proposed Acquisition were set out in the Company’s announcement dated 29 June 2017.

Share Premium Reduction

On 26 June 2017, the Shareholders at the special general meeting of the Company approved the reduction of the entire amount standing to the credit of the share premium account of the Company to nil with the credit arising therefrom to be entirely transferred to the contributed surplus account of the Company. Upon completion of the share premium reduction, the credit balance of the contributed surplus account of the Company was increased by HK\$927.2 million to HK\$1,068.4 million.

The share premium reduction could give the Company greater flexibility to declare or pay dividends or to make distributions to the Shareholders in the future as and when the Board considers appropriate.

Further details of the share premium reduction are set out in the Company’s announcements dated 15 May 2017 and 26 June 2017, and the Company’s circular dated 1 June 2017.

Unlisted Warrants

On 31 October 2016, the Company issued 50,000,000 unlisted warrants at the issue price of HK\$0.03 per warrant, which entitled the holder of each warrant to subscribe for one Share at an exercise price of HK\$1.40 (subject to adjustment) at any time during the one-year period commencing from 31 October 2016. No warrant has been exercised up to the date of this report. Further details of the unlisted warrants are set out in the Company’s announcements dated 22 September 2016, 26 September 2016, 6 October 2016 and 24 October 2016, and the Company’s circular dated 6 October 2016.

Capital Commitments

Particulars of the Company's significant capital commitments as at 30 June 2017 are set out in note 16 to the condensed consolidated financial statements.

Foreign Exchange Exposure

The majority of the Group's income and expenses and the Group's fixed deposits at banks are denominated in HK\$ (the Group's functional currency), MOP and US\$. HK\$ is linked to US\$ and the exchange rate between these two currencies has remained relatively stable over the past several years. MOP is pegged to HK\$, and in many cases the two currencies are used interchangeably in Macau. Due to the stable exchange rates between HK\$ and US\$ and between HK\$ and MOP, the Directors do not consider that any specific hedge for currency fluctuation is necessary.

Chairman and Managing Director

Hong Kong, 22 August 2017

TO THE BOARD OF DIRECTORS OF PARADISE ENTERTAINMENT LIMITED

(Incorporated in Bermuda with limited liability)

Introduction

We have reviewed the condensed consolidated financial statements of Paradise Entertainment Limited (the "Company") and its subsidiaries (collectively referred to as the "Group") set out on pages 16 to 32, which comprise the condensed consolidated statement of financial position as of 30 June 2017 and the related condensed consolidated statement of profit or loss, statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the six-month period then ended and certain explanatory notes. The Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited require the preparation of a report on interim financial information to be in compliance with the relevant provisions thereof and Hong Kong Accounting Standard 34 "Interim financial reporting" ("HKAS 34") issued by the Hong Kong Institute of Certified Public Accountants. The directors of the Company are responsible for the preparation and presentation of these condensed consolidated financial statements in accordance with HKAS 34. Our responsibility is to express a conclusion on these condensed consolidated financial statements based on our review, and to report our conclusion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Scope of review

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410 "Review of interim financial information performed by the independent auditor of the entity" issued by the Hong Kong Institute of Certified Public Accountants. A review of these condensed consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the condensed consolidated financial statements are not prepared, in all material respects, in accordance with HKAS 34.

Other matter

The comparative condensed consolidated statement of profit or loss, statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the six-month period ended 30 June 2016 and the relevant explanatory notes included in these condensed consolidated financial statements have not been reviewed in accordance with Hong Kong Standard on Review Engagements 2410 “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”. The consolidated financial statements of the Group for the year ended 31 December 2016 were audited by another auditor who expressed an unmodified opinion on those statements on 29 March 2017.

For the six months ended 30 June 2017

1. General

Paradise Entertainment Limited (the “Company”) was incorporated in Bermuda as an exempted company with limited liability under the Companies Act 1981 of Bermuda. The Company’s ordinary shares are listed on the Main Board of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”).

The condensed consolidated financial statements are presented in Hong Kong dollars, which is also the functional currency of the Company, and have been prepared in accordance with Hong Kong Accounting Standard (“HKAS”) 34 “Interim financial reporting” issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) as well as with the applicable disclosure requirements of Appendix 16 to the Rules Governing the Listing of Securities on the Stock Exchange (the “Listing Rules”).

2. Significant accounting policies

The condensed consolidated financial statements have been prepared on the historical cost basis, except for available-for-sale investment in equity securities, which are measured at fair value at the end of each reporting period.

Except as described below, the accounting policies and methods of computation used in the condensed consolidated financial statements for the six months ended 30 June 2017 are the same as those followed in the preparation of the annual financial statements of the Company and its subsidiaries (collectively referred as the “Group”) for the year ended 31 December 2016.

In the current interim period, the Group has applied, for the first time, the following amendments to Hong Kong Financial Reporting Standards (“HKFRSs”) issued by the HKICPA that are relevant for the preparation of the Group’s condensed consolidated financial statements:

Amendments to HKAS 7	Disclosure initiative
Amendments to HKAS 12	Recognition of deferred tax assets for unrealised losses
Amendments to HKFRS 12	As part of the annual improvements to HKFRSs 2014–2016 cycle

The application of the above amendments to HKFRSs in the current interim period has had no material effect on the amounts reported in these condensed consolidated financial statements and/or disclosures set out in these condensed consolidated financial statements, but additional disclosure about changes in liabilities arising from financing activities, including both changes arising from cash flow and non-cash changes on application of amendment to HKAS 7 will be provided in the consolidated financial statements for the year ending 31 December 2017.

The above segments have been identified on the basis of internal management reports prepared and regularly reviewed by the executive directors of the Company when making decisions about allocating resources and assessing performance of the Group.

Notes:

- (i) During the six months ended 30 June 2016, various patents and patent applications in the United States relating to a computerised system for operating multi-gambling games with a net book value of HK\$435,775,000 were assigned by the Group to an independent third party for (i) a one-time, non-refundable and non-creditable upfront payment of United States dollar (“US\$”) 12,950,000 (equivalent to HK\$101,010,000) (the “Upfront Payment”); and (ii) earn-out payments (the “Earn-out Payments”) for the placements (by way of sale or lease) of the related licensed products based upon a flat fee per unit or a flat fee per unit per day for a period of 15 years after the assignment of the intangible assets.

As the economic benefits flowing to the Group in the form of the Earn-out Payments could not be reliably estimated in terms of amount, timing and duration, the remaining carrying amount of this class of intangible assets was fully written down upon the assignment. As a result, a loss arising from assignment of the intangible assets amounting to HK\$334,765,000 was recognised in profit or loss, after taking into account the Upfront Payment received, during the six months ended 30 June 2016.

- (ii) Research and development expenditure includes HK\$8,724,000 (2016: HK\$8,254,000) relating to staff costs, depreciation and operating lease rental paid.

7. Taxation

	Six months ended 30 June	
	2017 HK\$'000 (unaudited)	2016 HK\$'000 (unaudited)
Current tax charge		
– Macau Complementary Tax (“CT”)	166	1,031
– People’s Republic of China (“PRC”) Enterprise Income Tax	200	15
– Other jurisdictions	17	6
	383	1,052

No provision for Hong Kong Profits Tax is made in the condensed consolidated financial statements as the Group did not generate any assessable profit in Hong Kong for the period. The provision for current period taxation is calculated on the assessable profit for operating subsidiaries established in Macau at the Macau CT rate of 12% (2016: 12%) prevailing in Macau and for operating subsidiaries established in the PRC at the PRC Enterprise Income Tax rate of 25% (2016: 25%) prevailing in the PRC. Taxation for overseas subsidiaries, except for those incorporated in Macau and the PRC, are charged at the appropriate current rate of taxation ruling in the relevant countries.

Pursuant to a confirmation letter issued by the Financial Services Bureau of the Macau Special Administrative Region, the PRC (“Macau SAR”) dated 7 January 2015, the revenue generated from the service agreement signed between LT (Macau) Limited (“LT Macau”), a wholly-owned subsidiary of the Company incorporated in Macau, and Sociedade de Jogos de Macau, S.A. (“SJM”) is not subject to Macau CT for any of the years ended 31 December 2012 to 2016 since it is derived from SJM’s gaming revenue, for which gaming revenue is exempted from Macau CT pursuant to the terms of no. 2 of article 28 of the Law 16/2001 and the exemption granted by Despach no. 378/2011 of 23 November 2011. Pursuant to an approval letter issued by the Financial Services Bureau of Macau SAR dated 15 August 2017, the aforementioned exemption of Macau CT has been approved for each of the years ending 31 December 2017 to 2019 and the three months ending 31 March 2020.

Pursuant to the an approval letter issued by the Financial Services Bureau of Macau SAR dated 18 February 2015, LT Macau was allowed to pay an annual lump sum dividend withholding tax of MOP341,000 (equivalent to HK\$331,000) for each of the years ended 31 December 2012 to 2016 as payment in lieu of Macau CT otherwise due by the shareholders of LT Macau on dividend distributions from gaming profits generated in relation to the operation of the casinos at Casino Kam Pek Paradise, Casino Lisboa and Casino Macau Jockey Club. These annual lump sum tax payments were required regardless of whether dividends were actually distributed or whether LT Macau had distributable profits in the relevant years. Pursuant to an approval letter issued by the Financial Services Bureau of Macau SAR dated 15 August 2017, LT Macau was allowed to pay an annual lump sum dividend withholding tax of MOP389,000 (equivalent to HK\$378,000) for each of the years ending 31 December 2017 to 2019 and MOP97,000 (equivalent to HK\$94,000) for the three months ending 31 March 2020. For the six months ended 30 June 2017, provision for taxation of HK\$166,000 has been recognised which was charged to the condensed consolidated statement of profit or loss.

No deferred tax asset has been recognised in respect of unutilised tax losses due to the unpredictability of future profit streams.

8. Dividend

No dividend was paid, declared or proposed in respect of both interim periods.

9. Loss per share

The calculation of the basic and diluted loss per share attributable to the owners of the Company is based on the following data:

	Six months ended 30 June	
	2017 HK\$'000 (unaudited)	2016 HK\$'000 (unaudited)
Loss		
Loss for the period attributable to the owners of the Company for the purposes of basic and diluted loss per share	(40,221)	(416,843)

	Six months ended 30 June	
	2017 (unaudited)	2016 (unaudited)
Number of shares		
Weighted average number of ordinary shares for the purposes of basic and diluted loss per share	1,052,185,315	1,052,303,667

For the six months ended 30 June 2017, the diluted loss per share was the same as the basic loss per share as the computation of the diluted loss per share does not assume the exercise of the Company's warrants because the assumed exercise would result in a decrease in loss per share.

For the six months ended 30 June 2016, no diluted loss per share was presented as there were no dilutive potential ordinary shares.

10. Property, plant and equipment

Other debtors and prepayments	11,829	15,191
	211,591	249,220

Notes:

- (i) Trade receivables comprise amounts receivable from the gaming partners for the Group's provision of casino management services and customers for the Group's sale and leasing of electronic gaming equipment and systems. No interest is charged on the trade receivables.

Before accepting any new customer, the Group gathers and assesses the credit information of the potential customer in considering the customer's quality and determining the credit limits for that customer.

The Group normally allows a credit period of 30 days on average to its gaming partners and customers.

The following is an aged analysis of trade receivables presented based on the invoice date at the end of the reporting period:

	At 30 June 2017 HK\$'000 (unaudited)	At 31 December 2016 HK\$'000 (audited)
Age		
0 to 30 days	59,812	68,861
31 to 60 days	1,223	278
61 to 90 days	177	161
91 to 180 days	6,842	6,599

The Group did not provide any allowance on the past due receivables as there has not been a significant change in credit quality and the amounts are still considered recoverable based on historical experience. The Group does not hold any collateral over these balances.

17. Fair value measurements of financial instruments

The Group's available-for-sale investment in equity securities is measured at fair value at the end of each reporting period. The following table gives information about how the fair values of these financial assets are determined (in particular, the valuation technique(s) and inputs used), as well as the level of the fair value hierarchy into which the fair value measurements are categorised (Levels 1 to 3) based on the degree to which the inputs to the fair value measurements is observable.

- Level 1 fair value measurements are quoted prices (unadjusted) in an active market for identical assets or liabilities;
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

All of the Group's financial instruments that are measured subsequent to initial recognition at fair value are grouped into Level 1 based on the degree to which the fair value is observable.

The directors of the Company consider that the carrying amounts of financial assets and financial liabilities recorded at amortised cost in the condensed consolidated financial statements approximate their fair values.
