LT Game Adds EZ Baccarat to Its Live Multi-Game Systems; MGM MACAU First Casino to Trial Popular Game on Over 100 Terminals

Hong Kong – November 16, 2016 – Paradise Entertainment Limited (SEHK: 1180) ("Paradise" or "the Company") announced that its subsidiary LT Game Limited ("LT Game"), Macau's leading electronic gaming solutions provider, is offering EZ Baccarat to its Live Multi-Game ("LMG") systems; and, MGM MACAU, has agreed to be the first casino to trial the electronic EZ Baccarat game on over 100 of its LT terminals in the next year.

In April 2015, LT Game signed a deal with DEQ Systems Corp. (TSXV: DEQ) to be the exclusive distributor of EZ Baccarat in Macau and to develop the proprietary game for thousands of its LMGs in Macau. LT Game has approximately 4,500 LMGs terminals installed in Macau year-to-date.

EZ Baccarat (also known as the Dragon 7 game) is the leading baccarat game brand in North America especially in markets such as Los Angeles, San Francisco, Toronto and Vancouver, BC.

"We are thrilled to partner with DEQ to integrate their blockbuster EZ Baccarat on our LMG system," said Jay Chun, Chairman and Managing Director of the Company. "Undoubtedly it can remarkably enhance the baccarat player gaming experience and MGM MACAU can also benefit from the additional side bet features. We believe advancements in gaming technology brings the most benefit to both operators and players."

"As usual, MGM MACAU is at the vanguard of innovation and this latest addition reinforces its position. It was an early adopter of EZ Baccarat, offering the table game to its players for years," said Francisco "TJ" Tejada, co-creator of EZ Baccarat. "We believe the entertainment value that the EZ Baccarat table game brings to players will translate successfully to LT Game LMGs."
